

**PATROL RESPONSE SHIELD (PRS)  
LEVEL III BALLISTIC SHIELD**

The Patrol Response Shield is a minimalist ballistic shield that is exceptionally lightweight and compact, making it easy to store in vehicles without taking up much space. Its compact design offers excellent tactical mobility, allowing for prolonged deployment. The PRS provides superior ballistic resistance against all handgun and non-armor piercing rifle threats.

All ballistic bolts and washers are crafted from high-hard ballistic steel (Ramor 600) and are reinforced through the panel, enhancing its integrity during angular impacts. The Patrol Response Shield features a non-reflective matte finish, and its perimeter is securely encased with Trim-Lok for added durability.

**Ballistic Composition:** UHMWPE with full perimeter Trim-Lok and Polyurea Coating.

**Handle Options:** Wide Grip – No Light  
Fox Fury Taker B30 Light Attachment
